

# Car Rental

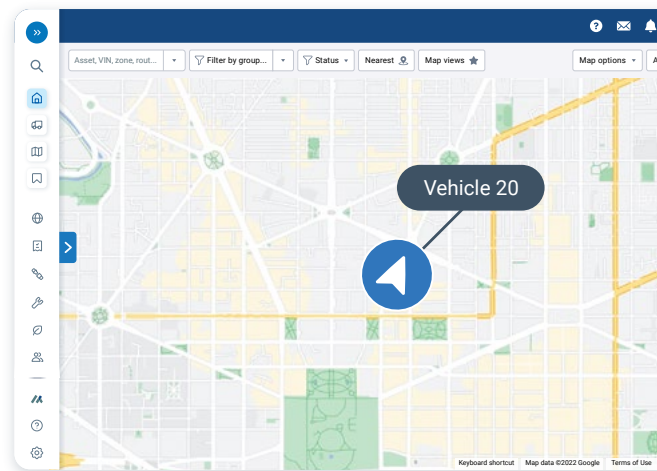

## Fleet management solutions

### Drive your car rental fleet to the next level

When looking for a fleet management solution, customers look for a company that maximizes their value. Geotab offers solutions that enhance car rental services, helping you stand out from your competition. Geotab solutions enable you to offer the best service to your customers helping you optimize payment processes and allow you to monitor off-rent vehicles. Geotab solutions can set you apart in delivering car rental services, make you more attractive to potential customers, and ultimately grow your business.

#### The Geotab advantage

- Private mode when vehicles are on-rent
- Services scheduling and reminders, and stock management
- Accurate fuel and mileage data when a customer returns a vehicle
- Collision management from the instant of impact to reduce insurance costs
- Engine diagnostics and battery monitoring to prevent unexpected vehicle breakdown
- Flexible software with integration capacity
- Advanced dashboard reports
